Gaming Mouse

First customer ship date	**May 30, 2013**
Embargo Date	**June 4, 2013**
Intro Phrase / Tagline	***Game tuned sensor for highly accurate mouse control***
Product Full Name/Title	**Corsair Raptor M30 Gaming Mouse**
25-Word Product Description	The Corsair Raptor M30 gaming mouse is designed to provide great performance with an 4000 DPI optical sensor that's tuned for games, on-the-fly DPI adjustments and six buttons.
50-Word Product Description	The Corsair Raptor M30 gaming mouse is designed to provide great performance with a 4000 DPI optical sensor that's tuned for gaming. It features dedicated on-the-fly DPI adjustments and six buttons. Plus the right-handed design features a comfortable rubber grip and soft-touch finish so you can log the game hours you need to play your best.
100-Word Product Description	The Corsair Raptor M30 gaming mouse is designed to provide great performance. The high performance 4000 DPI optical sensor is tuned for accurate linear tracking, with no acceleration or predication, so every movement translates directly into the game. On-the-fly DPI adjustments, six mouse buttons and extra large PTFE glide pads improve your response time for faster shots and quicker escapes. Plus the contoured right-handed design features a comfortable rubber thumb grip and soft-touch finish so you can log the game hours you need to play your best.
